Q&A

ERCV'S MISSION

East Rock Creek Village (ERCV) is a neighborhood-based, volunteer-managed nonprofit membership organization that supports and enriches the long-term quality of life of residents in DC's upper Ward 4.

ERCV MISSION

We work to ensure that our members have the confidence and practical means to stay in their own homes throughout their lives.

With one phone call or e-mail message, Village members gain access to a range of professional and volunteer services as well as a variety of educational, social & wellness programs.

ERCV BUILDS ON ITS PIONEERING TRADITION

- Northwest Washington Neighbors Inc. in Upper Ward 4 continues the tradition of pioneers.
 - Led the fight against block busting and for integrated housing.
 - ERCV an early adaptor and leader in establishing villages to help people “age-in-place.”
 - ERCV continues to lead the way in local community-building.

ERCV LOVES OUR VOLUNTEERS!

Volunteerism is the secret ingredient to an engaged community.

- Individuals need volunteers to help with life's challenges. AND we all need to know that our skills and ideas are valued.
- Volunteers need not be ERCV members or live in our service area.
- You must over age 18
- All must be trained and vetted as Village volunteers.

Volunteers are ERCV's
life-blood

VOLUNTEER TERMS OF SERVICE

- You create your own schedule. We understand you have a life
- It is ok to say “no” when being asked to fulfill a service request
- If you choose to stop volunteering with ERCV, just let us know
- Fully vaccinated volunteers (2-weeks post final COVID-19 vaccine dose) may provide in-person services.
- ERCV may dismiss a volunteer for failing to perform duties or to meet the standards set by the organization

A rms	sudden weakness of an arm or leg
S peech	sudden difficulty speaking
T ime	time the symptoms started

During a stroke 32,000 brain cells die *every second*.

VOLUNTEER DRIVERS

- Volunteers use their own cars and are covered by their own insurance. ERCV has liability insurance which would be the backup.
- If you are a driver, please keep your car clean and presentable. Remember some seniors have difficulty getting in and out of some cars.
- ERCV asks all volunteer drivers to be fully vaccinated (2-weeks post final shot) for COVID-19.
- Volunteer drivers will be given prior notification if the passenger requesting a ride is not fully vaccinated.

CDC GUIDANCE FOR RIDE-SHARES DURING COVID-19 PANDEMIC

WEAR A MASK – even when fully vaccinated

- After you've been fully vaccinated against COVID-19, you should keep taking precautions—like wearing a mask, staying 6 feet apart from others, and avoiding crowds and poorly ventilated spaces—in public places until more is known.
- Everyone should wear a cloth face cover in public settings and when around people who don't live in your household, especially when social distancing measures are difficult.
- *No Mask! No Ride!* If passenger refuses to wear a mask or will have trouble breathing in a mask, NO RIDE will be provided.
- Wear your mask in the car when you are driving to pick up the member and while with them.
- Do not touch the front of your mask. Wash your hands before & after using a mask.

CDC GUIDANCE FOR RIDE-SHARES DURING COVID-19 PANDEMIC

SANITIZE SURFACES

- Prior to picking up the member, use alcohol wipe on the steering wheel, gear shift, turn signal, AC/Heat and other dashboard buttons.
- Sanitize your hands before handling member's walker or cane.
- Use a hand sanitizer or wipes containing at least 60% alcohol on all points of possible contact. – door handles, window controls, seat belt.

PRACTICE SOCIAL DISTANCING

- Sit passenger in the back seat so there can be at least six feet apart.
- Open windows if more ventilation is needed.

HOW TO INTERACT WITH PEOPLE WITH DISABILITIES

SCENARIOS

- You have arranged to take a person shopping and to pick up some prescriptions. He asks you to swing by the barbershop so he can get his hair trimmed. This was not on the pre-arranged schedule. What would you do?
- You come to visit someone. Her son has been in town staying at the house and left to go back to his home in California. The woman's face is black and blue and she has bruises on her arms as well. You ask her what happened. At first, she is evasive and then she says she fell. What would you do?
- You volunteer to drive someone in the neighborhood to do some errands. When you enter the house, you immediately recognize the person as a retired television news reporter. Somewhat the worse for wear, the celebrity is paunchy and no longer good looking. Upon your return home, your spouse asks you how your volunteering went. What do you say?

SCENARIOS

- You are bringing someone home from grocery shopping. As the two of you walk up the front steps, s/he slips and falls backwards, head striking the pavement. What would you do?
- You come to drive someone to a dental appointment. Getting into the car, s/he addresses you as if you are a sibling, calling you by the sibling's name. What would you do?
- You are helping a member by changing a light bulb. The person becomes abusive, yelling at you not to break anything. What do you do?

SCENARIOS

- You have been volunteering for several months. You spend an hour each week visiting with a senior who has a limited social network. She says she appreciates your visits and wants to express her gratitude by giving you a cameo pin from her jewelry collection. What would you do?
- You are bringing your passenger home from a trip to the hardware store. While carrying the packages into the house, you slip on a scatter rug. Your ankle immediately swells; you are unable to stand on it. What do you do?
- You are scheduled to drive someone to the doctors. You pull up to the house. There are uncollected newspapers on the walk. The door is slightly ajar. You ring the doorbell. No one answers. What would you do?
